sjpatucla 62 palestinians killed, 138 injured in the last 24 hours in Gaza, and we are BACK with another encampment at Kerckhoff patio to demand our university divests from financing this genocide.

Gene Block is currently testifying in front of congress to conflate our demands with anti-semitism, and we need to show that we will not be repressed as he refuses to divest.

We need support both inside and outside of the encampment right now. Assess your own risk based on your positionality and identity considering the increased militarization and police presence of our campus.
